

## TipStack

Less waste – space-saving design.  
Stacking towers are back!

BRAND. For lab. For life.®

### TipStack

A tip tower containing 5 filled tip-trays and a TipBox constitute the space-saving refill system for 20 µl, 200 µl and 1000 µl tips. Tightly sealing spacers prevent the tips from getting stuck together, and ensure them to be free from DNA, RNases, endotoxins and ATP. The sterile TipStacks (BIO-CERT® quality) are supplied with a transfer aid for contamination-free use in a previously sterilized TipBox.

### Your benefits:

- + All components are recyclable
- + Reduced amount of waste
- + Sterilizable and reusable TipBox
- + Space-saving design
- + With transfer aid for sterile tips
- + BIO-CERT® LIQUID HANDLING QUALITY

# The tip system

The space-saving refill system, consisting of a tip tower with five filled tip-trays and a TipBox, offers an efficient solution for storing and refilling pipette tips in sizes 20 µl, 200 µl, and 1000 µl. All components of the system are recyclable, thus contributing to a reduction in waste. The TipBox itself is sterilizable and reusable, reducing both costs and environmental impact. Ideal for laboratories that value efficiency, sustainability, and the highest quality.
